MAYOR'S MESSAGE

Frank Carbone
Mayor of Fairfield City

Frank Carbone

Council is strongly committed to meeting the current and future needs of our residents to enable a vibrant and inclusive community.

Part of what makes Fairfield such a liveable city is its accessibility, which is helping ensure everyone feels they belong regardless of age, ability or background.

The Fairfield City Centre Mobility Map is an easy-to-use guide developed with the guidance and feedback from the community.

It acts as a handy resource for residents and visitors by providing locations of accessible parking areas and amenities, making planned travel through the City Centre with walking aides, wheelchairs, strollers and mobility scooters possible.

I know the map will be a valuable tool to help people gain easy access to Fairfield City Centre.

Council is proud of its efforts to increase accessibility throughout the City and will continue to work towards a more accessible Fairfield for all.
