Access Your Library @ Home

FOR EVERYTHING DIGITAL

From Your Mayor

Frank Carbone

Our City's libraries are more than just storehouses of knowledge. They are places that bring people together to learn and be entertained. The great news is this can take place from the comfort and safety of your own home, as well as in person at one of our five branches.

The COVID-19 pandemic has created many challenges for our libraries and the people who want to access the wide range of books, movies and resources of offer. Council has worked very hard during this time to make our libraries accessible from home, as well as safe to visit in person if you prefer.

I believe our mental health is just as important as our physical health during this pandemic. I am proud of the service our libraries provide to our community and the benefit they bring to families. I thank everyone for their patience as we work to transform our services while following all safety precautions.

During the COVID-19 pandemic, we have seen a rise in the number of online loans and online members accessing the huge range of digital materials like eBooks, eAudiobooks, eNewspapers, movies, eResources and online learning tools - all FREE. If you are not a library member, now is a great time to join! Our libraries are popular with residents of all ages, for leisure, for work and for study, so this is wonderful to see!

Thanks to the hard work of our community in observing social distancing and hygiene practices. But we mustn't become complacent, and there are still many people who can't visit our libraries or don't feel comfortable doing so at this time. Remember, our eLibrary is open 24/7! Learn more about accessing your library at home in this booklet.

For more information on our library service, please visit www.fairfieldcity.nsw.gov.au/library. Our library staff are also available over the phone on 9725 0333 to answer all your questions and provide support.
