FROM THE MAYOR

I am pleased to let you know about all the exciting activities happening across our libraries. I encourage you to head down to your library and see what activities await you.

Fairfield City Open libraries have something for everyone and a great place to visit by yourself, with the kids or with friends. There are a variety of fun and entertaining workshops and activities to suit all ages and interests across the various libraries within Fairfield City.

Have a read through the June to August 2023 What's On booklet for Fairfield City Open Libraries and start marking the events in your diary that interest you. Our libraries serve an important role for our community helping young people learn and study for a bright future, promoting life-long learning and digital literacy for the elderly, as well as providing free fun activities for all ages. They are vibrant community hubs where residents can meet friends, play, study and learn or read. Fairfield Library now has a café serving an assortment of food and drinks for you to enjoy.

I visit the libraries within our City a lot and I hope to see you there!

HOME LIBRARY DELIVERY SERVICES

We offer free delivery of library resources to people living the Fairfield Local Government Area who may be physically unable to visit our libraries due to illness, injury or who may be caring for someone else, including new parents. We also visit nursing homes and other institutions.

We keep an open mind about why you may need and enjoy this service. The service can be temporary or ongoing.

How it works:

Our staff will discuss your preferences and interests to ensure the items we bring you are ones you'll love.

Every four weeks, we'll drop by for a friendly chat and deliver your items. Home Library Service members have full access to the library's collection including:

- Audio books
- Books including large print
- Biographies
- DVDs
- Magazines
- Materials in community languages
(Arabic, Assyrian, Chinese, Thai, Serbian, Polish and Vietnamese)
- Non-fiction

We can also help you access our digital library and eResources, which include eAudiobooks, eBooks, eMagazines and eNewspapers, educational and language resources, movie and music streaming.

We believe that everyone in our community should be able to access the wealth of resources available at our libraries. To enquire about our Home Library Service, please contact us on 9725 0333.

INTERGENERATIONAL KOOL APPS FOR ADULTS AND TEENS

Social media apps such as Snapchat and Instagram are very popular amongst our youth. Join us for this workshop and learn to navigate social media.

We will show you how to use these apps and functions, introducing you to filters, reels, stories and sharing features. Find new ways to relate and maintain positive relationships with the younger generation. Feel free to invite them to this workshop with you and perhaps they would like to help teach you. Who knows, your content might even go viral!

Please have Snapchat and Instagram apps downloaded on your device prior to this workshop. Please also have the accounts set up and ready to go along with your email.

This program is suitable for adults and youth 13+ years.

OPEN LAB- WORLD YOUTH SKILLS DAY

For World Youth Skills Day 2023, we're running an exclusive Open Lab session for Youth (aged 13-24). This is to highlight the importance of STEAM as an area of development for youth in generating change and innovation. We will showcase what's on offer and invite young people to drop-in, explore and experiment with our equipment. So come in and learn to code with Lego Education, try your hand at 3D modelling and printing or create a robot prototype with Fable!

For ages 13-24.

Registrations are required for 1 hr sessions between 10am-4pm.

CODE CLUB

CODE CLUB: PYTHON *Beginner*

Code Club is an Australia wide network of coding classes that explores kids coding projects matched with the Australian Digital Technologies Curriculum. Coding and digital skills are fundamental for our changing future. By learning how to code, young people are building digital literacy skills for a changing world. They are also developing valuable soft skills including logic, creativity, critical thinking, collaboration and communication.

Learn Python with lab.LX Code Club! Python is a text-based programming language that is used for graphics, re-creating simulation, gaming and can be applied to real projects in industry! Unlock your coding potential with lab.LX Code Club!

Lessons include:

Week 1 - Hello World Activity
 Week 2 - Don't Collide Activity
 Week 3 - Charting Champions Activity
 Week 4 - Turtle Race

GAME DESIGN

GAME DESIGN *Arcade Games*

Who doesn't love games? Whether it's Fortnite or Minecraft, Super Smash Bros. or FIFA, games bring people all across the world together. Learning to code through game design develops skills in critical thinking, creativity, adaptability, and problem solving; all of which are important life skills. Using Microsoft's free, open source platform MakeCode, learn how to use code to bring your imaginations to life. In this 4-week workshop, participants will follow a series of game-making tutorials before using their new skills to build their own game.

Week 1 - Clicker Game

Week 2 - Save The Forest

Week 3 - Galga

Week 4 - Make your own game!

GAME DESIGN *Game Maker Studio*

Game Maker Studio is a complete development tool for making 2D games, used by indie developers, professional studios, and educators worldwide. In these workshops, students will be using Game Maker Studio to build 2D games from scratch using Blockly or GML coding. Students will develop all the required skills to create something truly unique and let others try their game.

Over the 6-week course, participants will make their own Arcade Space Shooter, develop a Car Racing game, and create a Firefighter Rescue game.

For ages 13+.

Registration required.

Note: Attendance at all sessions will make the most benefit of the workshops.

WORK SKILLS @ THE WORKARY

WORKARY CAREER INSPIRATION HAPPENS HERE!

Work Skills @ The Workary is designed to help jobseekers throughout the job seeking and working process. These drop-in-drop-out sessions work in harmony to round out the skills needed to find a job, and work well within it.

RESUME WRITING

Struggling to write a resume? Not sure what needs to go where? This workshop will answer those questions and more, methodically going through what it takes to make a resume standout. We will cover the contents and structure of a resume, as well as draft a template which will be made available to participants. Participants are recommended to bring a printout of their current resume for workshopping, if time allows.

Registration required.

Workary, Whitlam Library Cabramatta

Tuesday 13 June 5.30-7pm

COVER LETTER WRITING

Cover letters are one of the trickiest parts of job applications. In this workshop, participants will be led through how to best write a cover letter, using an example job description as reference. Participants will also be provided with digital resources to reference when writing a cover letter, which will be emailed to attendees after the workshop occurs.

Registration required.

Workary, Whitlam Library Cabramatta

Thursday 29 June 5.30-6.30pm

INTERVIEW SKILLS

This workshop will centre around the do's and don'ts of job interviews, as well as practice answering possible questions that may be asked in an interview. This collaborative workshop will also help build confidence in an interview setting by having participants work together to help come up with answers to questions.

Registration required.

Workary, Whitlam Library Cabramatta

Tuesday 18 July 5.30-7pm

EFFECTIVE COMMUNICATION SKILLS

Working with people effectively is dependent on how well people can communicate. This workshop will go through the little details that make communication so complicated, and how to be a mindful co-worker when communicating with colleagues, clients and managers, including through emails and other text formats.

Registration required.

Capture Fairfield

**VISUAL ARTS &
PHOTOGRAPHY**

COMPETITION 2023

“Capture Fairfield” provides an artistic avenue for the community to showcase Fairfield City’s diversity via its natural and built environment.

The theme of “Love where you live” will be explored and re-imagined by each entrant and the artworks will reflect their unique relationship to Fairfield City. A new category - “Waste to Art” is now open to students in classes from Years 3-6; it aims to inspire students to find creative and artistic solutions in the management of “recycled waste” !

Don’t miss the chance to view the winning photographic entries from “2023 Capture Fairfield - Visual Arts and Photographic Competition” at your nearest branch library!

2022 CITY PHOTOGRAPHER RENATA DOMINIK

The new series of works will be available online and in public spaces throughout Fairfield City. Exploring themes of change, history and nostalgia, Dominik documented local homes and houses, as well as the people and stories that exist within.

The annual "City Photographer" program documents Fairfield City's history through a growing collection of photographs; these digital images contribute to the development of a thematic history of our local area.
