WHAT'S ON
September to November 2023

FROM THE MAYOR

I am pleased to let you know about all the exciting activities happening across our libraries.

I encourage you to head down to your library and see what awaits you.

Fairfield City Open Libraries have something for everyone and a great place to visit by yourself, with the kids or with friends. There are a variety of fun and entertaining workshops and activities to suit all ages and interests across the various libraries within Fairfield City.

Have a read through the September to November 2023 What's On Booklet for Fairfield City Open Libraries and start marking the events in your diary that interest you.

Our libraries serve an important role in our community helping young people learn and study for a bright future, promoting life-long learning and digital literacy for the elderly, as well as providing free fun activities for all ages. They are vibrant community hubs where residents can meet friends, play, study and learn or read. Whitlam Library Cabramatta now has a café cart serving an assortment of food and drinks for you to enjoy.

I visit the libraries within our City a lot and I hope to see you there!

La Saison

GOOD FOOD & STRONG COFFEE

Welcome to La Saison Cafe. We offer a unique blend of French-Vietnamese cuisine. Our menu is full of delectable French infused creations, house made Pâté, delicious sweet and savoury croissants, the tantalising aroma of fresh coffee, creative mocktails and a vast range of special tea blends.

Your visit to La Saison is not complete without trying our Vietnamese version of the famous cafe au lait, offering strong robusta coffee expressed in a slow drip metal filter, combined with sweetened condensed milk, poured over ice.

La Saison's ever evolving menu captures the traditional flavours of Asia with a European twist. Drop in for a quick morning coffee, a catch up with friends and spoil yourself with a parisian experience in Cabramatta.

HOME LIBRARY DELIVERY SERVICES on Tuesdays and Thursdays

We offer free delivery of library resources to people living in the Fairfield Local Government Area who may be physically unable to visit our libraries due to illness, injury or who may be caring for someone else, including new parents. We also visit nursing homes and other institutions.

We keep an open mind about why you may need and enjoy this service. The service can be temporary or ongoing.

How it works:

Our staff will discuss your preferences and interests to ensure the items we bring you are ones you'll love.

Every four weeks, we'll drop by for a friendly chat and deliver your items. Home Library Service members have full access to the library's collection including:

- Audio books
- Books including large print
- Biographies
- DVDs
- Magazines
- Materials in community languages: Arabic, Assyrian, Chinese, Thai, Serbian, Polish and Vietnamese
- Non-fiction

We can also help you access our digital library and eResources, which include eAudiobooks, eBooks, eMagazines and eNewspapers, educational and language resources, movie and music streaming.

We believe that everyone in our community should be able to access the wealth of resources available at our libraries. To enquire about our Home Library Service, please contact us on 9725 0333.

Dolly Parton's IMAGINATION LIBRARY

FREE MONTHLY BOOKS FOR KIDS

DELIVERED TO THE HOME

Dolly Parton's Imagination Library of Australia is a free book gifting program devoted to inspiring a love of reading in the hearts of children everywhere.

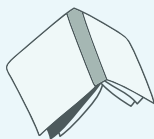

Each month, enrolled children receive a high-quality, age-appropriate book in the mail free of charge. The books will come accompanied by a family "tip sheet" which helps families engage with the book in ways that drive language development and early literacy.

In partnership with Fairfield City Council, the Imagination Library supports the first 2000 days of life model, by providing books and literacy resources from birth until a child is aged 5.

Register now and get a new book each month for 5 years!*

**Conditions apply*

The Imagination Library

- A new book each month
- Delivered to the home
- From birth
- Free for the child to keep
- Chosen by experts
- Age-appropriate
- Supports parent-child bond
- Sparks a love of reading before school begins

Who is Eligible?

- Babies born from 2022
- Residing in Fairfield City Council LGA

Lab.LX is a youth and adult focused experimental space for STEAM education. Through structured learning, creative recreation and the provision of advanced equipment, lab.LX provides a conduit for young people and adults to engage with exciting aspects of STEAM, and have the opportunity to develop and hone their skills and understanding through a combination of facilitated workshops and recreational activities.

Equipment in lab.LX includes:

- High-end gaming PCs designed for Game Design, Video/Audio Production, and 3D Modelling/Animation: Creative Cloud, Blender, Fusion 360, Ableton Live, GameMaker Studio, Unity + Garry's Mode
- Fable Robots
- FlashForge 3D Printers: Finder, Adventurer 4, Guider IIS
- Meta Quest 2 VR Headsets (Games include: Beat Saber, Job Simulator, Star Wars: Vader Immortal)
- Lego Learning System (Spike and BricQ)
- Arduino Electronics: Makey Makey

Register for our regular workshops to try out our equipment or drop in for an afternoon Open Lab!

Scan here and check out all the exciting programs Lab.LX/STEAM has on offer!

Lab.LX STEAM is a children-focused space for STEAM education through structured learning and creative play. Aimed at children and caregivers, lab.LX STEAM provides hands-on opportunities to explore.

Equipment in lab.LX STEAM includes:

- Programmable Robots (Kubo, Ozobot and Sphero BOLT)
- FlashForge 3D Printers
- Lego Learning System (WeDo, Mindstorms EV3, Spike, and BricQ)
- Oculus Quest VR Headsets (Games include: Beat Saber, Job Simulator, Fruit Ninja, Carve Snowboarding)
- Makey Makey, MicroBit, LittleBit

INTRODUCTION TO LAB.LX AND LAB.LX STEAM

Introduction to lab.LX and lab.LX STEAM will tell you how to get the most out of lab.LX and lab.LX STEAM. While lab.LX and lab.LX STEAM provide a variety of programs, they're not available 24/7. How can you continue to practice coding or 3D modelling at home? Where can you investigate science when you're not attending one of our programs? Introduction to lab.LX and lab.LX STEAM aims to highlight resources that are available in our libraries, as well as resources that can be accessed at home to help you continue your STEAM learning experiences independently. The program will also provide a sneak peak of what is happening in lab.LX and lab.LX STEAM during September, October, and November. You'll be able to see examples of upcoming programs and ask any questions you may have about using lab.LX and lab.LX STEAM.

This program is aimed at parents/guardians, educators, and anybody seeking information about lab.LX and lab.LX STEAM resources.

Children are welcome, however this is not a regular workshop.

CODE CLUB

CODE CLUB: PYTHON *Intermediate*

Code Club is an Australia wide network of coding classes that explores kids coding projects matched with the Australian Digital Technologies Curriculum. Coding and digital skills are fundamental for our changing future. By learning how to code, young people are building digital literacy skills for a changing world. They're also developing valuable soft skills including logic, creativity, critical thinking, collaboration and communication.

Learn Python with lab.LX Code Club! Python is a text-based programming language that is used for graphics, re-creating simulation, gaming and can be applied to real projects in industry! Unlock your coding potential with lab.LX Code Club!

Week 1: Modern Art: Create computer generated art

Week 2: RPG- Design your own RPG maze

Week 3: Code Craft: Design and code improvements to a 2D version of Minecraft

Week 4: Python coding with bots! (Whitlam Library Cabramatta Bonus Week)

GARRY'S MOD PHYSICS

Garry's Mod is a PC-based sandbox game that has been popular among both gamers and science enthusiasts for close to 20 years. Garry's Mod doesn't have any pre-defined goals or aims, but a range of useful tools and contraptions all at your fingertips.

Some people spawn objects and build their own contraptions, some people test the laws of physics in a digital simulation environment free of hazards, some people learn the basics of animation using the poser tool. Let Garry's Mod bring your imagination to life.

In this four-week workshop, we will go through the basics of Garry's Mod - how the software works, what the tools do, how to spawn props - and then work on building a realistic lift platform that obeys the laws of physics. Trial and error are encouraged in this exciting and educational workshop in an entirely new way of teaching STEAM concepts!

HISTORY WEEK 2023 - VINTAGE VILLAGE TOUR

Join the Heritage Team on a guided tour of the Vintage Village at Smithfield Museum and Galleries during History Week in 2023.

The Vintage Village is our “living history museum” - a historic recreation of Fairfield City businesses and residences between the 1880’s and 1930’s. It is one of our most popular attractions and offers a chance to experience history firsthand, as if you were there in that time period.

The Vintage Village has a mixture of original heritage-listed buildings and reconstructed buildings. Some of the historic sites you can visit at the Vintage Village include a 1930s schoolhouse, a 1880s cottage, a slab hut, a 1930s general store, a newspaper printery, a blacksmithery, a motor garage and a hay shed.

FAIRFIELD CITY HERITAGE COLLECTION

Explore the new **Fairfield City Heritage Collection** online portal; a new and exciting way to view and visit some of our City's archives and object collections online.

The Heritage Collection website allows users to listen to oral histories from influential local people, view historical photographs dating back to the late 1800s, and learn about significant and rare objects from the Fairfield City Museum & Gallery collection.

It's live and ready for you to explore right here:

Oral Histories

Fairfield City Library Service has been active in collecting Oral Histories of its residents since 2000. There are now over 250 recordings and this number is still growing. Interviews have been conducted with community members from many different backgrounds including Assyrians, Lao, Italians, Polish, Spanish, Vietnamese, as well as interview with early pioneers and long term Fairfield families, local Elders, war veterans, police officers, Mayors, Councillors and members of parliament

AMPLIFY FAIRFIELD'S ORAL HISTORIES

Digital platform Amplify is home to hundreds of oral history recordings. A joint venture between The State Library of New South Wales, Fairfield City Open Libraries and other library institutions; Amplify is a tool that creates accurate transcripts with the help of volunteers.

Through Amplify, you can hear from some of Fairfield's locals retelling their memories of childhood, migration and employment in the early years. Learn about the city's trials and tribulations as well as times of happiness and prosperity, or discover how our places and communities have changed over time to become what they are today!

Correcting computer-generated transcripts is a community effort and you can help to improve the quality of each transcript hosted on Amplify by correcting just a single line or every single line in an entire audio recording – every bit counts!

For a quick instruction on how to transcribe these audio files, visit the TUTORIAL page on Amplify.

Simply head over to <https://amplify.gov.au/fairfield> or scan the QR code and start transcribing!
