## Executive Summary

The **Integrated Planning and Reporting Framework** (Local Government Amendment (Planning and Reporting) Act 2009) aims to improve Council’s long term community, financial and asset planning. This approach acknowledges local government’s unique position as the only agency with an interest in all aspects of Fairfield City. It formalizes the role of Council as the key advocate for the community in relation to all issues. The Integrated Planning and Reporting Framework requires Council to develop a:

- Community Strategic Plan: 10 year plan identifying the community’s main priorities and aspirations.
- Resourcing Strategy: long term financial plan; workforce plan and asset strategy.
- Delivery Plan: 4 year plan identifying Councils commitment.
- Operational Plan: 1 year plan outlining Councils’ activities and budget.
- Annual Report: includes State of the Environment Report.

**Community Strategic Plan:** This Legislation requires Council to take leadership for the development of a Community Strategic Plan which covers all aspects of the LGA, including those issues that are the responsibility of the Federal and State Governments and the not-for-profit and private sectors. While Council has a custodial role in initiating, preparing and maintaining the Community Strategic Plan on behalf of the community, it is not wholly responsible for its implementation. Other partners, such as State agencies and community groups will also be engaged in delivering the long-term objectives of the Plan.

Fairfield Council developed and adopted a ‘**Fairfield City Plan**’ in 2007. This was an important initiative by Council to document key issues and community and Council priorities and actions. The current Fairfield City Plan provides the overview of Council’s aims and the directions it is pursuing and provides an important platform for the requirements of the Framework. The Community Strategic Plan must be a true reflection of long term broad community needs and aspirations, without regard to which delivery mechanism may be used or which

---

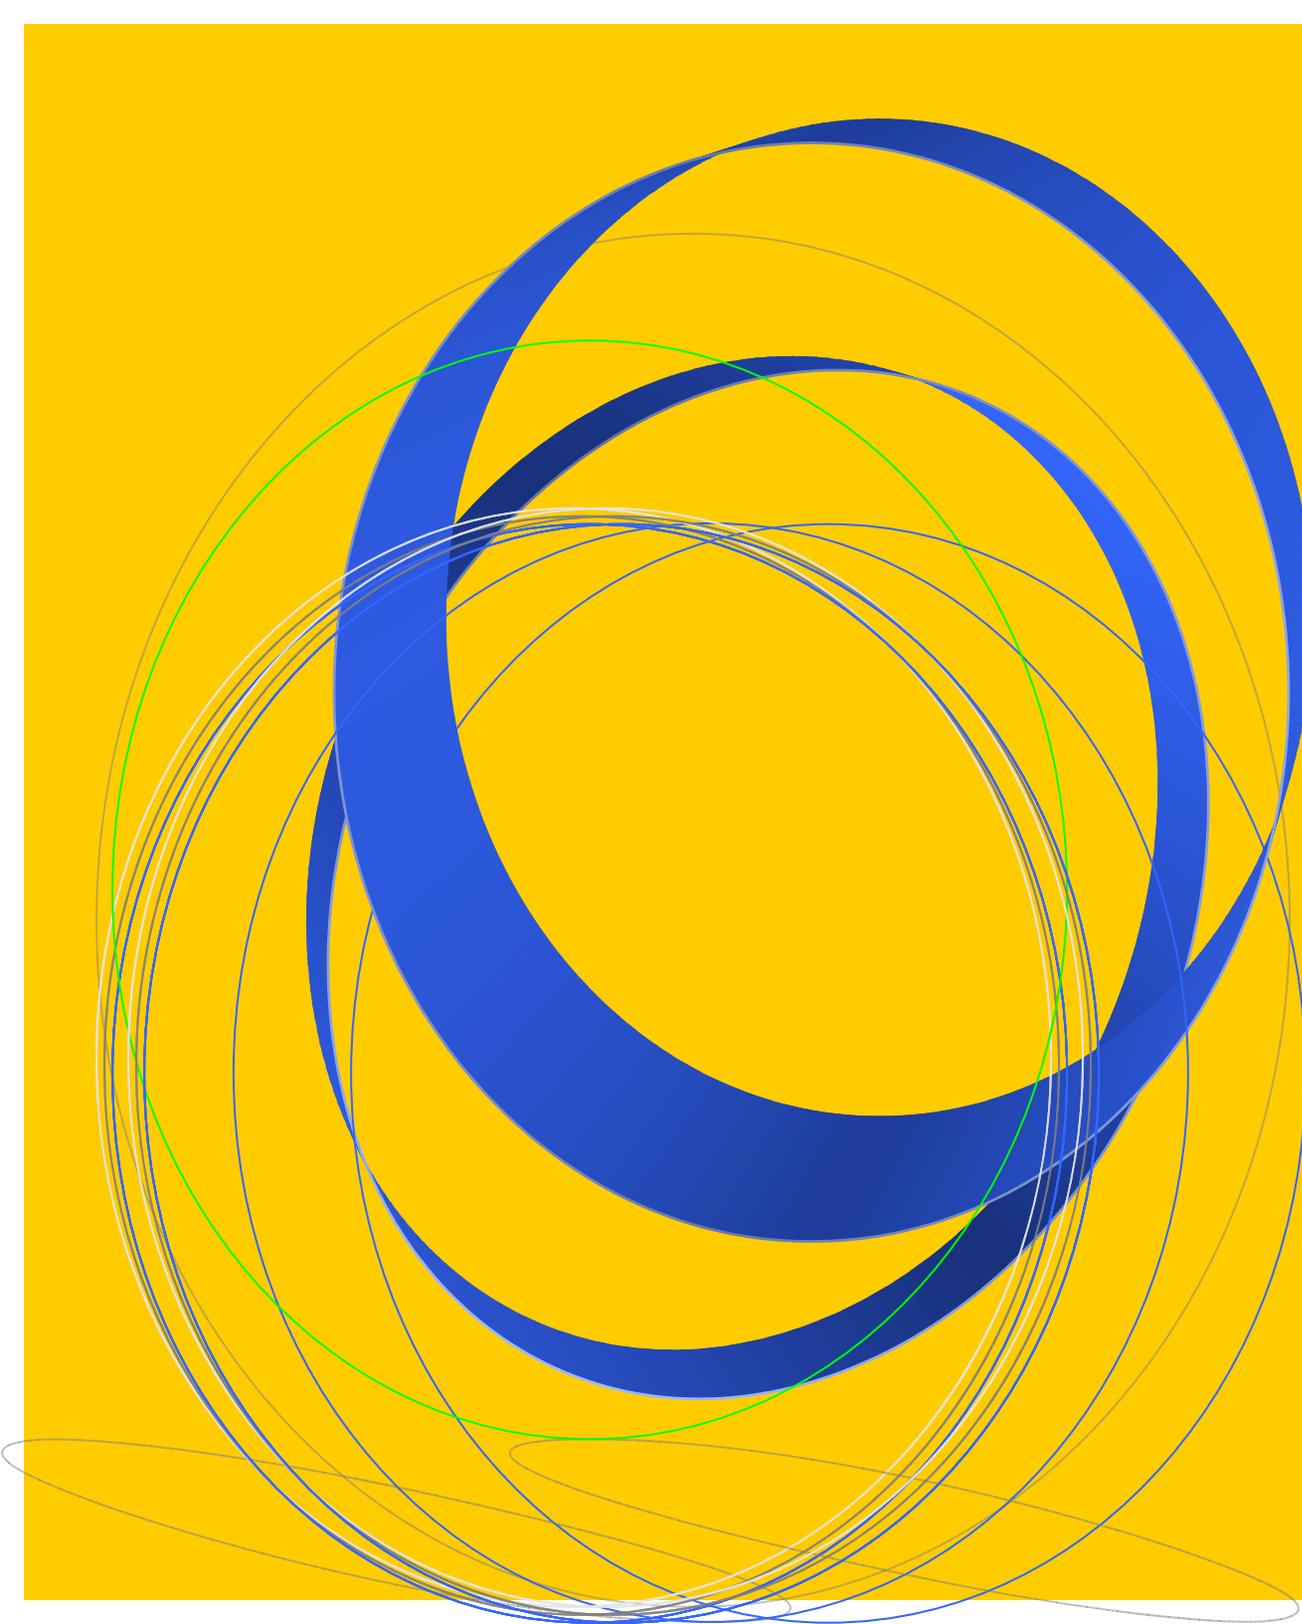

government agency is responsible for delivery. The Fairfield City Plan (Community Strategic Plan) will be revised to reflect these new requirements. The amended Local Government Act requires councils to develop a Community Engagement Strategy for the development, implementation and review of the Fairfield City Plan (Community Strategic Plan).

The **Community Engagement Strategy** provides a framework to guide and support Council to ensure that together we shape the future of Fairfield City. The development of the Community Engagement Strategy is built on years of activity. The first step in the process is to review what we have previously heard our community say about the future of the City. The engagement process will reality check, update, revise and fill gaps so we have a comprehensive picture of the community's vision for Fairfield City.

Council has and will continue to value its work with the community, organisations (government and non-government) and businesses to deliver outcomes, through listening and responding to community concerns and aspirations.

An expert advisory group will be established which will ensure that the Community Engagement Strategy is effective and meeting its planned objectives. The Community Engagement Strategy embraces a range of engagement methods to ensure that key stakeholders are heard and involved in the ongoing delivery and monitoring of the Fairfield City Plan. The Strategy adopts four key priority areas. A summary of activity includes:

1. **Implementation / Evaluation:** Ensuring that the Strategy is implemented in an effective and efficient manner.
2. **Inform:** Keeping the Fairfield Community informed and updated.
3. **Consult / Engage:** Understanding the community's views, priorities, interests, ideas and aspirations.
4. **Involve / Collaborate:** Involving the community in shaping the future of the City.

## Introduction

### VISION

*Working together to shape the future of Fairfield City*

### 1.1 Purpose of this Document

The revised Local Government Act requires councils to develop a Community Engagement Strategy for the development and review of the Community Strategic Plan. Community Engagement is an essential part of the way Fairfield City Council does business. Fairfield City Council recognises that to best meet the needs of our community, that planning and decision making is based on the needs and aspirations of our community. The Community Engagement Strategy outlines the principles, guidelines and actions Council will undertake in order to ensure that the community is engaged in the development, implementation and assessment of the Community Strategic Plan. The Community Engagement Strategy provides a framework to guide and support Council.

### 1.2 Links to Council Policy

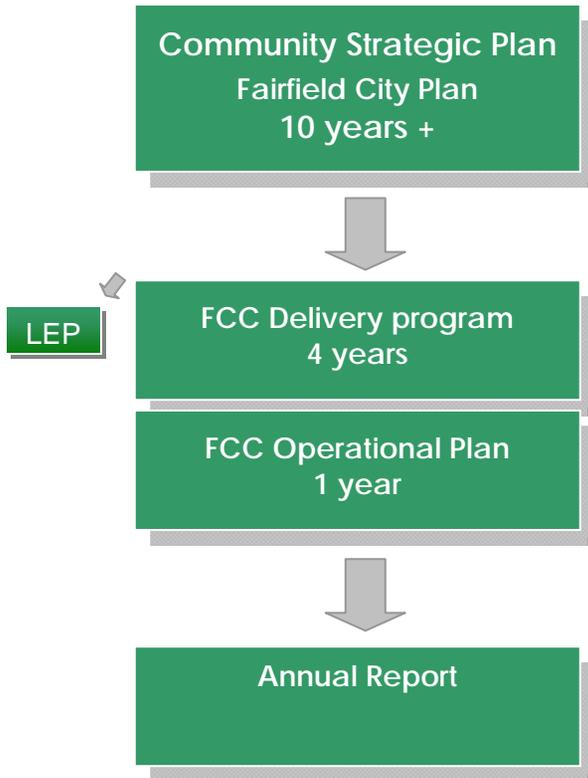

Fairfield City Council is committed to community engagement.

*Fairfield City Council is committed to effective and appropriate community engagement, ensuring that, together we shape the future of Fairfield City. Council values its work with the community organisations and, business to deliver outcomes, through listening and responding to community concerns and aspirations.*

The Community Engagement Strategy builds on this Policy and is a key element of the Community Strategic Plan.

# 2 Legislation

- ⇒ Community Engagement Strategy
- ⇒ Community Profile
- ⇒ Evidence and Research

## 2.1 Integrated Planning and Reporting Framework

The Integrated Planning and Reporting Framework has been developed as part of the Local Government Reform Program and changes the Local Government Act 1993 to improve Council’s long term community, financial and asset planning. The Integrated and Reporting Framework requires each council to develop:

- **Community Strategic Plan:** a 10 year plan identifying the community’s main priorities and aspirations for the future, and must address social, environmental, economic and civic leadership issues for the City and will be delivered in partnership between Council, State agencies, community groups and individuals. Referred to as the Fairfield City Plan.
- **Resourcing Strategy:** long term financial plan; human resources plan and asset plan.
- **Delivery Plan:** a 4 year plan identifying a statement of commitment to the community from each newly elected council.
- **Operational Plan:** developed for each year to outline the specific details of councils’ activities and the budget.
- **Annual Report:** includes State of the Environment Report

## 2.2 Requirement for Community Engagement Strategy

The revised Local Government Act requires councils to develop a Community Engagement Strategy for the development and review of the Community Strategic Plan.

## Social Justice Principles

*The Community Engagement Strategy is based on the following principles.*

**Equity** – *there should be fairness in decision making, prioritising and allocation of resources, particularly those in need.*

**Access** – *all people should have fair access to services, resources and opportunities to improve their quality of life.*

**Participation** – *everyone should have the maximum opportunity to participate in decisions which affect their lives.*

**Rights & Responsibilities** – *equal rights should be established and promoted, with opportunities provided for people from diverse cultural, linguistic and religious backgrounds to participate in community life.*

Local Government Act states:

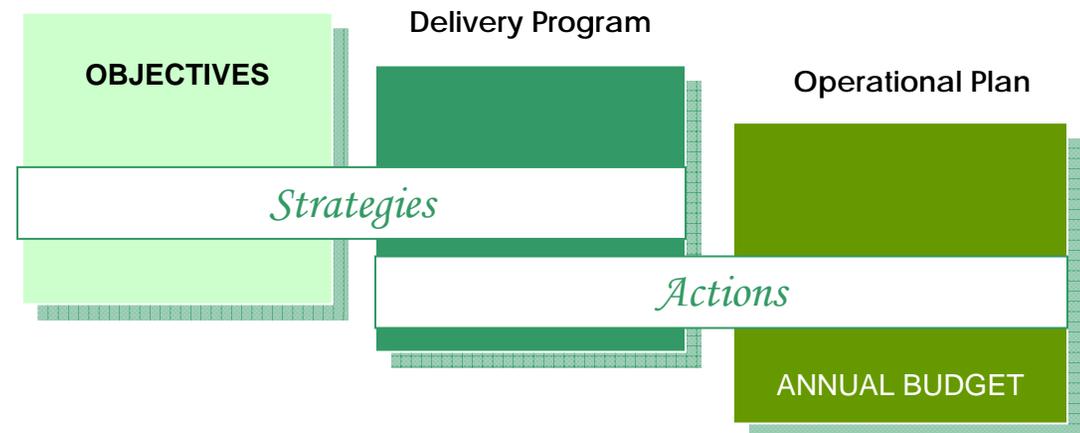

*“Council must prepare and implement a Community Engagement Strategy for engagement with the local community in developing and reviewing the Community Strategic Plan”.*

As a minimum, the community engagement strategy must identify relevant stakeholder groups within the community and outline methods of engaging each group.

Due consideration must be given to the expected level of service expressed by the community when preparing the Community Strategic Plan.

It is essential that all members of the community have a right, and a responsibility, to contribute to their community's future.

### Community Strategic Plan

# 3

## Community Engagement

*Fairfield City Council is committed to engaging with the community, organisations (government and non-government) and businesses*

### 3.1 Definition of Community Engagement

For the purposes of this Strategy, 'community engagement' is any process that involves the public in problem solving or decision making and uses public input to make decisions (International Association of Public Participation - IAP2).

In general terms it is an inclusive process to ensure the community have the opportunity to participate in decisions that may impact on their lives.

### 3.2 Definition of Community

The word 'community' is a very broad term used to define groups of people; whether they are stakeholders, interest groups, citizen groups, etc. A community may be a geographic location (community of place), a community of similar interest (community of practice), or a community of affiliation or identity (such as business or sporting club).

### 3.3 Levels of Participation

There are degrees of participating ranging from a high degree of participation through to a low degree as described below in the International Association for Public Participation (IAP2) Spectrum of Participation. The Community Engagement Strategy aims to achieve the 'Involve' level demonstrating that we are actively working with the community to ensure its concerns and ideas are captured in the Community Strategic

# Community Engagement

Plan. The Community Engagement Plan incorporates a journey to ultimately achieve a 'collaborative' level where the community would be involved in ongoing delivery and monitoring of the Fairfield City Plan.

It is to be noted that except in very limited circumstances it is only the elected body of Council which is 'empowered' to make decisions and implement actions within the terms of the Local Government Act 1993.

INFORM	CONSULT	INVOLVE	COLLABORATE	EMPOWER
Objectives:	Objectives:	Objectives:	Objectives:	Objectives:
To provide the public with balanced and objective information to assist them in understanding the problem, alternatives, or solutions.	To obtain public feedback on analysis, alternatives, or decisions.	Work directly with the public throughout the process to ensure that public and private concerns are consistently understood and considered.	To partner with the public in each aspect of the decision including the development of alternatives and the identification of the preferred solution.	To place final decisions in the hands of the public.

*Public Participation (IAP2) Spectrum of Participation*

# 4 Objectives

The aim of the Community Engagement Strategy is to:

- Inform the community on issues relating to social, environmental, economic and civic issues.
- Build respectful and trusting partnerships with the community to enhance our understanding and respond to concerns and aspirations.
- Improve the quality and quantity of community engagement through current activity and the development and implementation of new approaches.
- Ensure all communities within Fairfield City are able and have the opportunity to participate.
- Ensure that community concerns and aspirations for the future of Fairfield City are contained in the Fairfield City Plan and guide future decisions about the City.
- Enable the community to be involved in the ongoing delivery and monitoring of the Fairfield City Plan.
- Monitor and evaluate the effectiveness of the Community Engagement Strategy.

*The Fairfield City Plan (CSP) will address*

- *Community Wellbeing*
- *Places & Infrastructure*
- *Environmental Sustainability*
- *Local Economy & Employment*
- *Good Governance & Leadership*

# 5

## Principles of Engagement

*Changing the way governments and the community work together*

The following five guiding principles have been developed to guide Council in their practices of community engagement.

### Changing the way government and community work together

- New and more efficient ways to involve the community in planning and decision making processes
- Genuine engagement with opportunity for feedback

### Listening, understanding and acting

- Listening to and understanding the community's view and concerns to ensure better decision making

### Open, interactive and inclusive processes

- Open and accountable engagement practices
- Everyone involved is treated fairly and equally
- Connecting with the hardest to reach
- Range of transparent processes
- Honesty, Integrity and respect

### Evidence based

- Establish good engagement practices that are based on sound research and quality information

### Well informed effective communication

- All information is clear, concise, transparent and accessible

# 6

## Opportunities and Challenges

### 6.1 Opportunities

The Integrated Planning and Reporting Framework acknowledges local government's unique position as the only agency with an interest in all aspects of the City. It also formalizes the role of Council as the key advocate for the community in relation to all issues. This Legislation requires Council to take leadership for the development of a Community Strategic Plan (Fairfield City Plan) which covers all aspects of the LGA, including those issues that are the responsibility of the Federal and State governments, the not-for-profit and private sectors. This provides many opportunities to focus on the needs of the whole community.

The opportunities are endless.

### 6.2 Challenges

The City of Fairfield has many processes and systems already in place to ensure that the views of the community are heard. It should be acknowledged that due to the timeframe this Community Engagement Strategy is a stepping stone to best practice engagement principles which will lay the foundation for future Engagement Strategies.

**Community  
Engagement  
Local  
Overview**

# 7

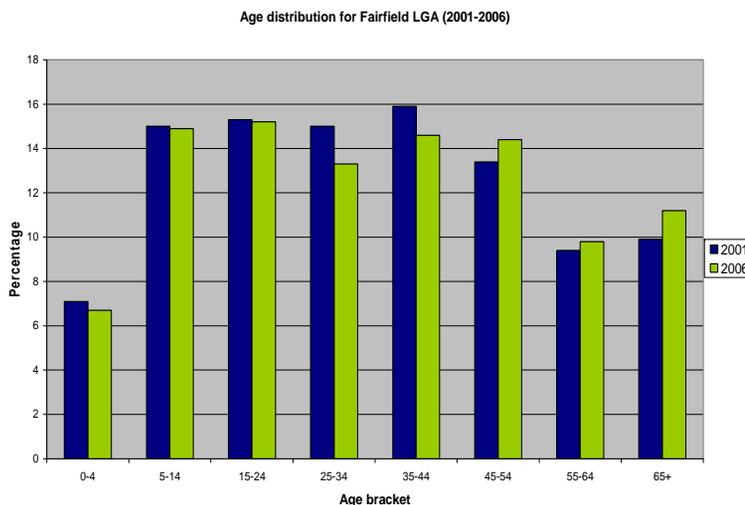

## Our Community

### 7.1 Our Community

The following provides a snapshot of our community, which highlights key target groups ensuring that the hard to reach are engaged in the process.

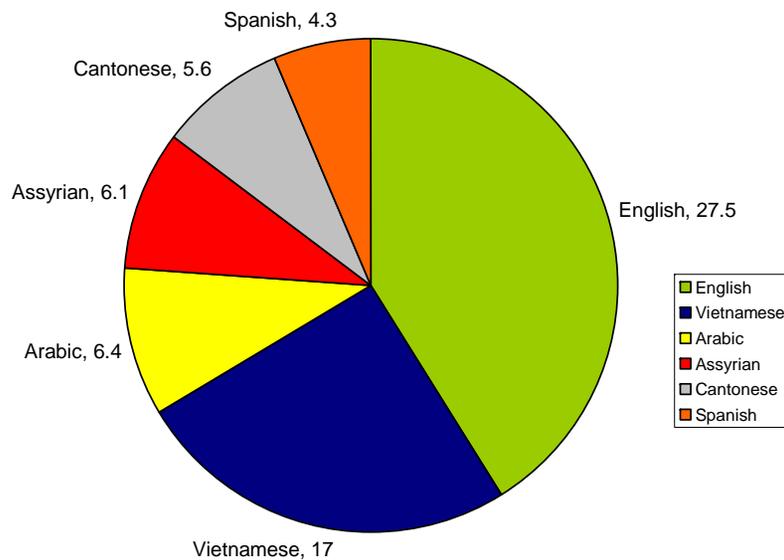

- Fairfield local government area (LGA) comprises 27 suburbs of various sizes. As at 30 June 2008 Fairfield City had a population size of 190,657 residents.
- In the 2006 Census 21.6% of the population usually resident in Fairfield LGA were children aged between 0-14 years, and 21.0% were persons aged 55 years and over. The median age of persons in Fairfield LGA was 34 years, compared with 37 years for persons in Australia.
- Population projections for Fairfield indicate that by 2012 there will be over 25,500 people living in Fairfield LGA aged over 65 years, with 3,009 of those being aged over 85 years.
- Overall, 51.5% of the population was born overseas, and 49.0% were from a non-English speaking background, compared with 23.8% and 16.8% respectively for New South Wales.
- Fairfield is one of the most culturally diverse areas in Australia with the highest number and proportion of people speaking languages other than English (72%). Almost a third of all residents speak a language other than English at home (72.5%). Fairfield LGA has more residents, who speak English poorly or not at all than any other Australian LGA.

Age Distribution for Fairfield LGA 2001-2006

# Our Community

**Language Spoken at Home in Fairfield LGA (2006)**

- Fairfield has a high level of economic disadvantage compared to the rest of Sydney and Australia. The 2006 SEIFA Index of Relative Social-economic Disadvantage shows a score of 876 for Fairfield LGA.
- Unemployment is set at 8.1% for the December quarter 2008, up from 7.3% in September 2008.
- Overall, 25.6% of the population held educational qualifications, and 60.8% had no qualifications, compared with 40.7% and 45.5% respectively for New South Wales.
- Internet connection of households in Fairfield City compared to New South Wales shows that there was a larger proportion of households with either no internet connection or a dial up connection, but a smaller proportion of households with broadband connectivity. Overall 56.8% of households had no internet connection or a dial up connection, and 33.7% had broadband connectivity, compared with 53.0% and 38.5% respectively in New South Wales.
- The population in Fairfield City compared to New South Wales shows that there was a smaller proportion of persons who volunteered for an organisation or group. Overall, 7.5% of the population reported performing voluntary work, compared with 17.1% for New South Wales.

# 8

## Key Stakeholders

### 8.1 Our Whole Community

The Community Engagement Strategy targets the whole of the community including those who live, work and play within the Fairfield City. This includes: residents, ratepayers, landowners, organisations, businesses, government agencies and anyone who has an interest in the City of Fairfield.

### 8.2 Ensuring we reach the hard to reach

The Community Engagement Strategy will engage with hard to reach groups and the disengaged to ensure that all those affected have the opportunity to be heard. These include:

- Young people;
- Older people;
- Migrants and refugees;
- People from culturally and linguistically diverse backgrounds;
- Aboriginal and Torres Strait Islander people; and
- People with a disability.

### 8.3 Community Stakeholders

Includes those with an interest in the City whether they live, work or play. The Community Engagement Strategy will be inclusive and provide opportunities for residents, community groups, sporting clubs or interest groups to participate.

# Key Stakeholders

## 8.4 Business Stakeholders

Businesses are a key group and are directly affected by decisions and plans. The Chamber of Commerce and Town Centre Committees will provide a forum to ensure the views of businesses are heard.

## 8.5 Government Agencies

State and Federal Government agencies will be engaged at a number of levels including: reviewing state and regional priority plans, on the ground service providers and manager and regional agreements.

## 8.6 Non-government and not-for-profit organisations

Fairfield City is home to many NGO's. These organisations are instrumental in reaching the community and providing feedback and advocating for community needs.

## 8.7 Councillors

The role of Councillors includes: promoting and leading community engagement and considering advice on resource implications and discussing this with the community prior to making decisions.

## 8.8 Our staff

Includes staff and volunteers in all elements of the new Integrated Planning Framework.

## Current Engagement Activity

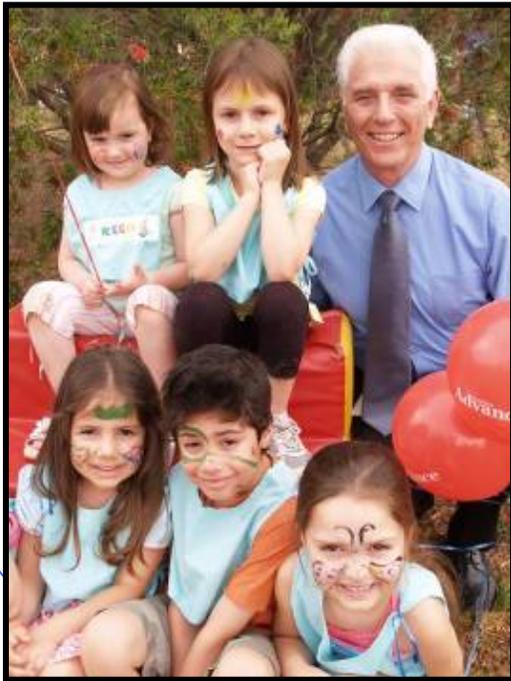

The development of the Community Engagement Strategy is built on years of activity. Fairfield City Council has a wealth of information which continues to inform the direction for the City. The Community Engagement Strategy recognises that the key to success does not necessarily mean more community engagement. Harnessing the success of existing networks and information provides the foundations to build upon. The Community Strategic Plan endeavours to take a more holistic view of what the community wants for Fairfield City.

### 9.1 Key Documents

The following are key documents which continue to inform on priorities for the City. These include:

- Fairfield City Plan, 2006
- Management Plan 2009 - 2010
- Strategic Planning Community Consultation, 2007;
- Bonnyrigg Visioning Statement, 2009;
- Residential Strategy 2009;
- 'Have your say' icon on website;
- Bonnyrigg Living Communities Project;
- Draft Community Engagement Resource Manual, 2005;
- Local Environmental Plan (LEP), 2009;
- Development Control Plans (DCP);
- Environmental Management Plan 2006 – 2016;
- Vision, Outcome, Indicators, 2005; and
- Image Survey, 2005, etc.

# Current Engagement Activity

## 9.2 Advisory Committees

Council has established a number of Advisory Committees which provides formal direct input into the direction of Council. These include:

- Council's Advisory Committees;
- Mayor's Crime Prevention Reference Group;
- Town Centre Committees;
- Heritage Committee;
- Five Creek Catchment Committee;
- Fairfield Employment and Training Partnership; and
- Traffic Committee, etc.

## 9.3 Committees and Networks

Council facilitates and participates in a range of networks which provides information and direction. These include:

- Fairfield Migrant Interagency;
- Keeping Australia Working Advisory Committee;
- Children's Network and Families NSW;
- Health Partnership (MOU Developed);
- Housing NSW (MOU Developed);
- Home and Community Care Forums;
- Cabramatta Creek Flying Fox Committee;
- DoCS Multicultural Reference Group; and
- Alcohol Accord, etc

# 10

## Methods of Engagement

### Role of Councillors

*Is to provide a leadership role in guiding the development of the Community Strategic Plan for Fairfield City and to be responsible for monitoring the implementation of Fairfield City Council's Delivery Program.*

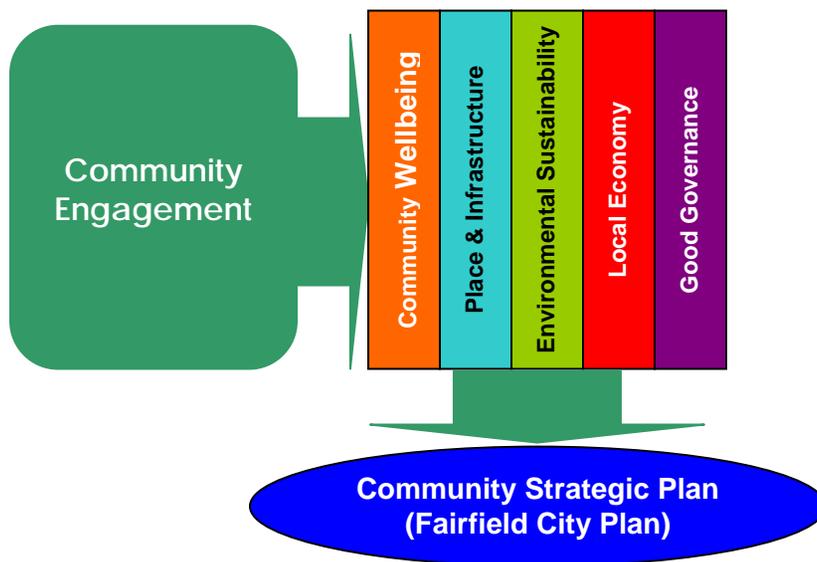

Fairfield City Council will adopt a range of engagement methods to ensure that the Fairfield Community are heard. Attachment one (1) outlines the range and types of engagement practices which will be embraced. In summary they range from:

- Information posters and City Life newsletters;
- Media and Communications Plan;
- Surveys;
- Focus groups;
- Advisory Committees;
- Meetings and forums;
- Bilingual Community Educators;
- Community feedback register; and
- more (see attachment 1).

Council will establish an expert Community Engagement Steering Committee which will guide the implementation to ensure that best practice approaches are adopted. The Committee will have accountability to ensure that the Community Engagement Strategy is effective and meeting its planned objectives.

# 11

## Competing Priorities

### 11.1 Competing Priorities

We will work to ensure that the full diversity of voices in the community are heard, and to build a shared sense of responsibility for achieving balance among competing priorities. The Fairfield City Plan identifies the community’s main priorities and aspirations for the future. It is expected that the Fairfield City Plan will be delivered in partnership between Council, state agencies, community groups and individuals.

It will be Council’s role to advocate to all partners the priorities for the City. Despite the demands of complex and often competing priorities, managing the diverse needs of numerous stakeholders is paramount.

### 11.2 Scope of Engagement.

It is important to be clear and transparent with the community about the amount of influence they have (negotiable and non-negotiable). The community should be informed at each stage on the level of input and change as a result of their participation. It is our responsibility to record each consultation to ensure that it is meaningful. The community should be provided with feedback as to how they have influenced the final outcome.

# 12

## Resourcing

Council as part of its Management Plan 2009 – 2010 has committed to increasing its community engagement, which is expected to bring significant long-term benefits, but will have some short and medium-term challenges, particularly planning and budgetary implications.

### 12.1 Budgets

Community engagement will provide value to the community, but it does come at a cost. Staff time allocated to develop surveys, focus groups and other engagement methods all cost time and money to prepare, implement and understand. Fairfield City Council has allocated resources for the implementation of the Community Engagement Strategy, including staff time.

In the 2009/2010 financial period Council has allocated a budget of \$5,000 for the implementation of the Community Engagement Strategy.

### 12.2 Managing the Community Engagement Strategy

A Community Engagement Steering will be responsible for advising, implementation, consultation, monitoring and evaluation.

# 13

## Timeframe

### 13.1 Timeframe

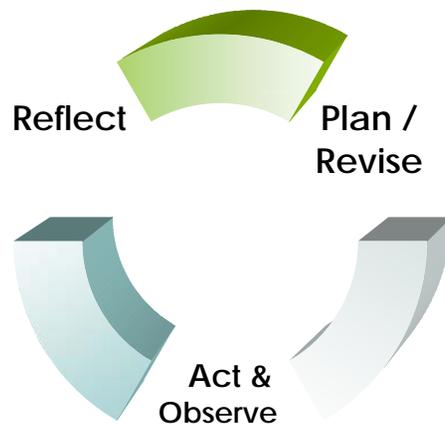

The *Local Government Amendment (Planning and Reporting) Act 2009* was agreed to by the Governor on 9 October 2009. The Integrated Planning and Reporting Framework will be phased in over the next three years with Fairfield City Council electing to participate in Group 2. This means that the Community Strategic Plan and Delivery Program should be adopted by 30 June 2011.

To meet this timeframe the following milestones are identified:

Dec 2009	Community Engagement Strategy Adopted
Feb 2010	Service Statements Completed
	Documentation to support consultation developed
Feb / April 2010	Community Consultations
April / June	Review City Plan (Community Strategic Plan in line with the community's main priorities and aspirations)
August 2010	Exhibit City Plan
Nov 2010	Adopt City Plan
Feb 2011	Workshop priorities for Delivery Program
April 2011	Exhibit Delivery Plan & Operational Plan
June 2011	Adopt Delivery Plan & Operational Plan

# 14

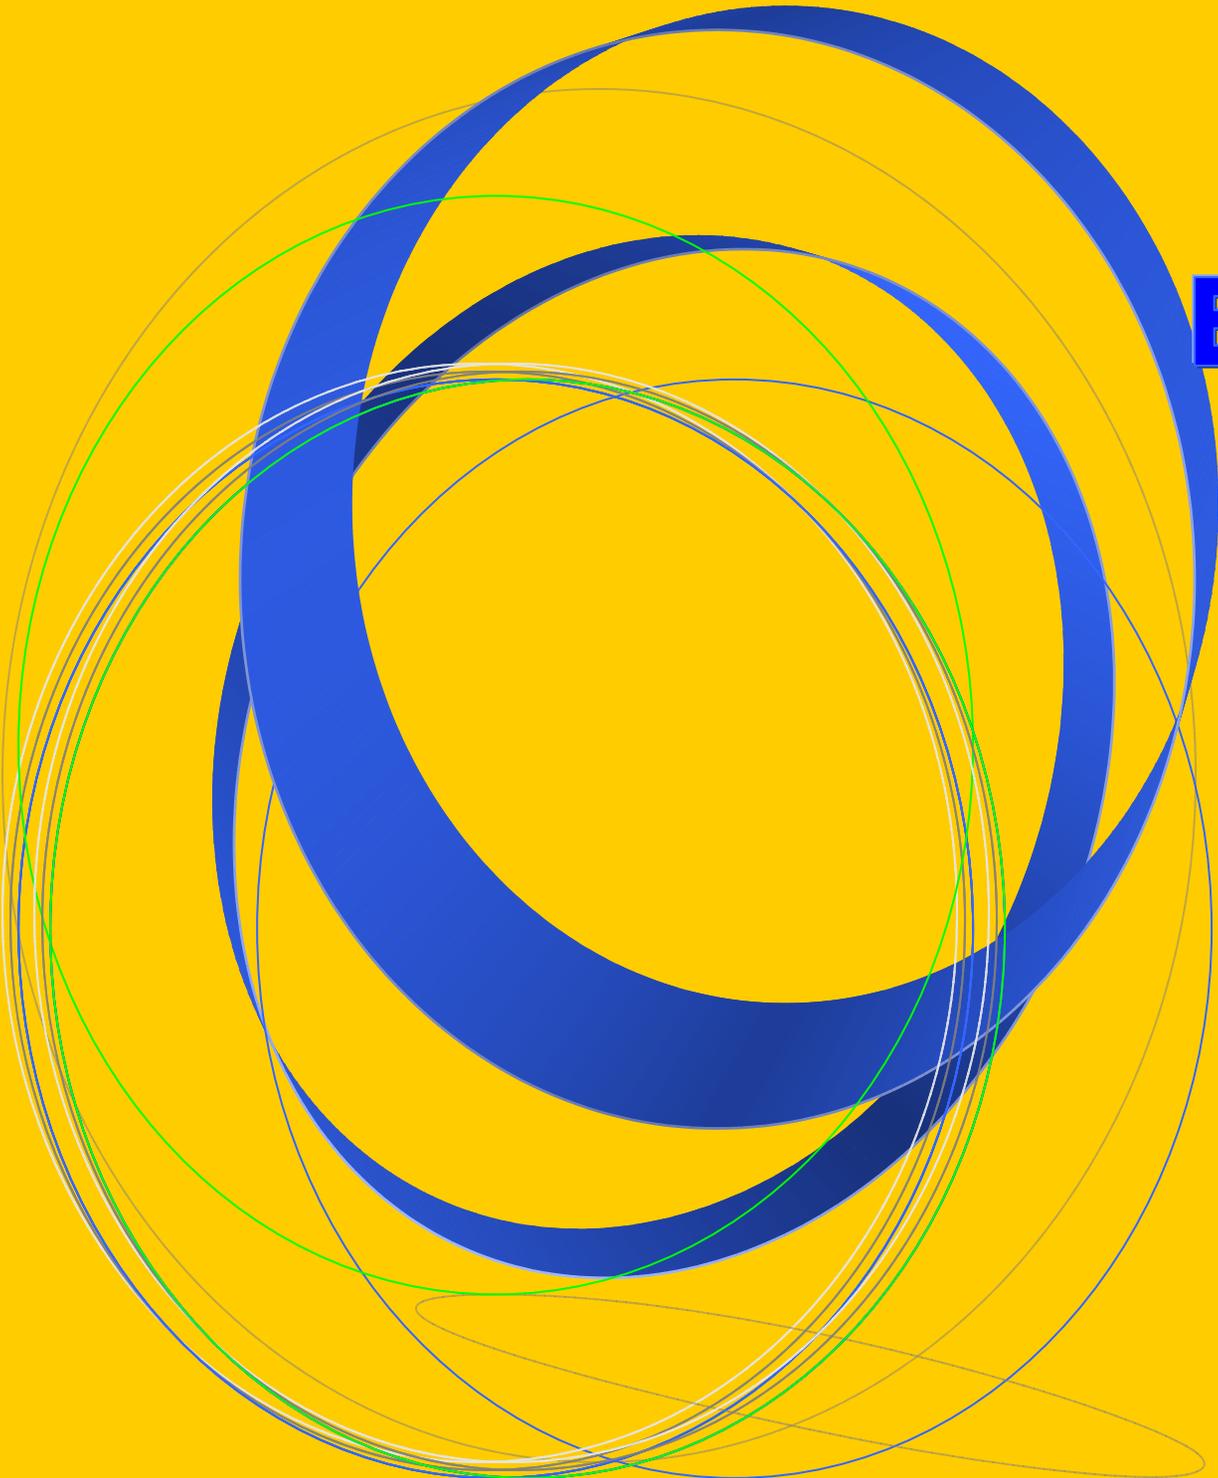

## Evaluation and Monitoring

The Community Engagement Strategy is only effective if it achieves its objectives. The following aspects will be monitored and reviewed to ensure that we build our expertise and continue to refine our approaches and techniques:

- Participants have a clear understanding of the goals and objectives of the engagement, including the level and method.
- The engagement takes place when there is a real opportunity to influence the outcome.
- Adequate resources (time, budget, technology, etc.) and expertise are provided to achieve success.
- That we reach a broad representation of the Fairfield Community.
- Principles for engagement have been embraced;
- That we use a range of engagement methods appropriate to the target group.
- Adopt a Participatory Action Research methodology to ensure that we continue to improve and learn from our experiences.

Council should consider the future development of a 'State of the City Report' which will monitor and record a number of indicators tracking the City's progress.

**Community  
Engagement
